OFFICE OF MANAGEMENT AND BUDGET

Request of the U.S. Intellectual Property Enforcement Coordinator for Public Comments: Legislative Review Related to Enforcement against Economic Espionage and Trade Secret Theft

AGENCY: Executive Office of the President, Office of Management and Budget, Office of the U.S. Intellectual Property Enforcement Coordinator.

ACTION: Request for written submissions from the public.

SUMMARY: The theft of trade secrets from U.S. corporations can impact national security, undermine U.S. global competitiveness, diminish U.S. export prospects, and put American jobs at risk. Trade secrets play a crucial role in maintaining America's global competitiveness. The Administration will continue to act vigorously to combat the theft of American trade secrets that could be used by foreign companies or foreign governments to gain an unfair commercial advantage over U.S. companies. We need to ensure that our laws are as effective as possible.

Therefore, the Administration is reviewing applicable Federal law related to enforcement against economic espionage and trade secret theft. This review is pursuant to the Administration Strategy on Mitigating the Theft of U.S. Trade Secrets issued on February 20, 2013. The strategy is available at:

In the strategy, the U.S. Intellectual Property Enforcement Coordinator (IPEC) committed to a review of existing laws related to the enforcement of trade secrets to determine if legislative changes are needed to enhance enforcement. IPEC invites public input and participation in shaping the Administration's review. Specifically, we are requesting any recommendations for legislative changes that would enhance enforcement against, or reduce the risk of, the misappropriation of trade secrets for the benefit of foreign competitors or foreign governments.
